

THE ATLANTA ASTRONOMY CLUB, INC.

March, 1980

MEETING NOTICE

The Atlanta Astronomy Club, Inc., will meet at Bradley Observatory on March 21, 1980 at 8:00 p.m. Dr. Bob Hyde, head of the astronomy department at Agnes Scott College, will discuss the subject of gaseous nebulae.

OUR CONDOLANCES

I would like to express sympathy on behalf of myself and the club to Mrs. Mary Calabro and to Cathie Calabro for the death of Mary's mother in February.

It is also with regret that I announce the passing of Mr. Hal Stephens, who died of leukemia approximately two weeks ago. Hal was an active club member in years past; he was president from 1962-1964. He is survived by his wife and children.

Amy G. Darden is currently working with the Chatham County Board of Education and is in charge of maintaining the two observatories at Oatland Island Education Center in Savannah. Hurricane David destroyed part of one of the observatories which houses a sixteen-inch reflector. Amy is asking for suggestions as to how to construct a wind-proof shutter system for the eighteen-foot dome. If anyone in the club is interested in sharing any expertise they may have, please contact Amy at the following address:

Oatland Island Education Center
711 Sandtown Road
Savannah, Ga. 31410

Bill Roberts informed me that Kodak will be discontinuing its High Contrast Copy Film 5069 and will suggest Kodak Technical Pan Film SO 115 as a possible replacement. The SO 115 will soon be offered as a regular product under the number 2415. This information is from *Kodak Tech Bits*, 1979, Vol. 4. For further details, write to:

Robert D. Anwyl
Scientific & Technical Photography, Professional & Finishing Markets Division
Eastman Kodak Co.
343 State St., Rochester, N.Y. 14650

David Speering is asking for nomination suggestions for next year's officers. I might point out that I will not be able to continue as corresponding secretary beyond September, so that position will be open.

The Hank Hudson Memorial Banquet will be held on May 16, 1980. Mark Christensen is asking all club members who plan to attend to fill out the slip at the bottom of this letter and to return it to Mark at: 1438 Ridgewood Dr., Lilburn, Ga. 30247. The banquet speaker will be a NASA scientist who will discuss the space telescope project.

Al Beales
Corresponding Secretary
