

ATLANTA ASTRONOMY CLUB NEWSLETTER

MEETING - 8:00 pm, Bradley Observatory, Agnes Scott, Friday, November 19

PROGRAM - This month, we are experimenting and creating "The GE College Bowl of Astronomy". This type of event has been very successful throughout the Astronomical League. Moderator Dr. Mark Christensen will field questions from the audience and present them to a panel of astro-experts, who will provide the answers. Be sure to bring questions with you. We will have cards available. As far as I know, any astronomical question is acceptable.

TREASURY NOTES - The Atlanta Astronomy Club welcomes the following new members: Phil and Janet Winter, 6117 Peachtree Corners Circle, Norcross 30092 (448-7377); Betty H. Hopkins, 3456 Hardee Ave, Atlanta 30341 (457-0161) and Tom Meylan, 4120 Peachtree Rd NE, Apt 9d, Atlanta 30319 (262-1936).

OBSERVING SESSION - The New Moon occurs at 3:10 pm Monday, November 15, which is the day you should be getting this notice. However, since the moon sets about two hours past midnight on the following weekend, some of the more dedicated observers may find their way to Villa Rica anyway. The next available new moon is December 15, which makes the weekend of December 17-18 ideal.

RENEWALS - The majority of our members renew their memberships during fall of each year. If your dues have expired and your subscription to Sky & Telescope has run out, contact Herb Teeple, 5015 Spaulding Dr NE Atlanta, GA 30360. Herb is our Treasurer. He asks that you do not send cash. Dues are \$25.00 (\$20.00 student).

FDRE SALE - 10" f/4 Newtonian-Cassëgrainian telescope with electric and manual drive. Homebuilt fork mount included. Contact Tony Novak 461-7338 or Jay Rhoads 996-0482. \$1000.

NEXT MEETING - Friday, December 17 8:00 pm Bradley Observatory.
Topic - To be announced.
